HEALTH AND SAFETY POLICY

- 1) It is the policy of AME Pressure Diecasting Ltd (the 'Organisation') to seek to provide safe and healthy working conditions, to encourage safe working methods and to enlist the active support of Management Director employed in achieving these ends.
- 2) The Organisation will:
 - (a) Safeguard the health, safety and welfare of employees and those whose work is controlled by the Organisation.
 - (b) Bring to the notice of all employees the safety policies of both the Organisation and the Client and arrangement made for their health and safety at work.
 - (c) Provide the necessary information, training and supervision for safe working practices and the need to work safely,
 - (d) Have regard for health and safety of those not employed by the Organisation, but who may be affected by their operations.
- 3) The Directors are responsible for instigating, monitoring and reporting on safety arrangements.
- 4) AME Pressure Diecasting Ltd expects every employee to take reasonable care of the health and safety of himself/herself and other persons who may be affected by their acts or omissions; to co-operate with management in achieving safe working conditions and in complying with all relevant statutory provisions relating to health and safety at work.
- 5) It is the responsibility of every employee to ensure the health and safety of themselves and other by:
 - (a) Making themselves familiar with the contents of the Health and Safety Policy.
 - (b) Wearing and using safety clothing and equipment provided.
 - (c) Conforming to both verbal and written instructions concerning health and safety.
 - (d) Reporting all accidents, whether persons are injured or not.
 - (e) Reporting all hazards, potential hazards or persons creating hazards.
 - (f) Co-operating with the Organisation, in seeing that current laws and regulations are observed, and where possible, making suggestions for their improvement.
- 6) The Organisation accepts responsibility for the control of contractors working on its behalf and for the safety of other persons who come into direct contact with their operations.
